

Safety Meeting: May 12, 2010

Location: Kennewick Office

Attendees: Don Warf, Alan Brower, Darren Chase, Troy Humphrey, Scott Livingston & Jenn Nighbor

Absent: None

Recorded by: Jenn Nighbor

Agenda Items:

Safety Concerns:

Back stresses.

Troy was throwing sticks at Lower Granite at the slide gates and was getting up and caught my elbow. Be careful when you are down there as it is slippery and slimy. Take a moment to review your surroundings and be careful.

As there is more activity at the sites, be aware of your surroundings. Note any stacked equipment or trip hazards.

Granite Juvenile – There is equipment that is being stored in front the transceiver enclosures.

Bonneville (BO1 & BO2) – Blackberry bushes pose a trip hazard.

Darren to contact Jon R. about this situation.

McNary – Bird shades to be installed this summer.

Kennewick Shop – Due to continued work on the Klickitat antenna, there are additional trip hazards. Slow down and be aware of your surroundings.

Don to purchase some safety cones.

Equipment:

Does anyone need any equipment?

Hard shelled kneepads – Don will purchase.

Prescription Safety Glasses – Lens Crafters
Alan, Scott and Don will look into getting these glasses.

Steel Toes

Alan will need a new pair as the current ones are a few years old.

Vehicles:

Alan – cracked but not in field of view.

Troy – vehicle needs to be serviced.

Don – There is no hands free unit in this vehicle.

Training:**WA LNI Online Safety Training – Slips Trips and Falls Module 1**

Jenn reviewed the PowerPoint presentation and the staff added comments regarding safety issues at the various sites in regards to potential concerns.

There is a step at Lower Granite Fish Facility that is not colored to alert to a trip hazard.
